Global 3D-Printed Composite Materials Market Outlook 2021

Publication ID:

QYR11200475

Publication Date:

November 23, 2020

Pages:

115

Publisher:

QYR

Region:

Global [1]

$2,900.00

Publication License Type *

○ Single User License (PDF), $2,900.00

○ Global License (PDF), $5,800.00

Please choose the suitable license type from above. More details are at given under tab "Report License Types" below.

Description:

The research report includes specific segments by region (country), by company, by Type and by Application. This study provides information about the sales and revenue during the historic and

forecasted period of 2015 to 2026. Understanding the segments helps in identifying the importance of different factors that aid the market growth.

Segment by Type, the 3D-Printed Composite Materials market is segmented into
Carbon Fiber
Glass Fiber
Others

Segment by Application
Aerospace & Defense
Transportation
Medical
Consumer Goods
Others

Global 3D-Printed Composite Materials Market: Regional Analysis
The 3D-Printed Composite Materials market is analysed and market size information is provided by regions (countries). The report includes country-wise and region-wise market size for the period 2015-2026. It also includes market size and forecast by Type and by Application segment in terms of sales and revenue for the period 2015-2026.
The key regions covered in the 3D-Printed Composite Materials market report are:
North America
U.S.
Canada
Europe
Germany
France
U.K.
Italy
Russia
Asia-Pacific
China
Japan
South Korea
India
Australia
Taiwan
Indonesia
Thailand
Malaysia
Philippines

Vietnam
Latin America
Mexico
Brazil
Argentina
Middle East & Africa
Turkey
Saudi Arabia
U.A.E

Global 3D-Printed Composite Materials Market: Competitive Analysis
This section of the report identifies various key manufacturers of the market. It helps the reader understand the strategies and collaborations that players are focusing on combat competition in the market. The comprehensive report provides a significant microscopic look at the market. The reader can identify the footprints of the manufacturers by knowing about the global revenue of manufacturers, the global price of manufacturers, and sales by manufacturers during the forecast period of 2015 to 2019.

The major players in global 3D-Printed Composite Materials market include:
3D Systems Corporation
EOS
Arevo Labs
Markforged
3Dynamic Systems
Stratasys
Cosine Additive
Fortify
Techmer PM
3DXTECH
Mankati
Esun

Table Of Contents:

Companies Mentioned:

3D Systems Corporation

EOS

Arevo Labs

Markforged

3Dynamic Systems

Stratasys

Cosine Additive

Fortify

Techmer PM

3DXTECH

Mankati

Esun

License Types:

Single User License (PDF)

- This license allows for use of a publication by one person.
- This person may print out a single copy of the publication.
- This person can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
- This person cannot share the publication (or any information contained therein) with any other person or persons.
- Unless a Enterprise License is purchased, a Single User License must be purchased for every person that wishes to use the publication within the same organization.
- Customers who infringe these license terms are liable for a Global license fee.

Site License (PDF)*

- This license allows for use of a publication by all users within one corporate location, e.g. a regional office.
- These users may print out a single copy of the publication.
- These users can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
- These users cannot share the publication (or any information contained therein) with any other person or persons outside the corporate location for which the publication is purchased.
- Unless a Enterprise License is purchased, a Site User License must be purchased for every corporate location by an organization that wishes to use the publication within the same organization.
- Customers who infringe these license terms are liable for a Global license fee.

Global License (PDF)*

- This license allows for use of a publication by unlimited users within the purchasing organization e.g. all employees of a single company.
- Each of these people may use the publication on any computer, and may print out the report, but may not share the publication (or any information contained therein) with any other person or persons outside of the organization.
- These employees of purchasing organization can include information given in the publication in presentations and internal reports by providing full copyright credit to the publisher.
